Master System Converter II

3. Destination•Model

Assuming this product will be sold in Europe, this product is assigned the below model number.

Europe MK 1621-50

4. External Appearance

5. Characteristics•Compatibility

The Master System Converter II is intended for Europe.

This product is intended for the Mega Drive and Mega Drive 2. It is a 16-bit to 8-bit converter which allows the player to enjoy 8-bit Master System software on the 16-bit consoles Mega Drive and Mega Drive 2. This adaptor is used by inserting it into the Mega Drive or Mega Drive 2's cartridge slot. When attaching the adaptor to the Mega Drive 2, it is necessary to insert the included spacer. This is not necessary in the case of the Mega Drive.

Compatibility: Mega Drive, Mega Drive 2 (Europe).
